### **I. Meeting Minutes**

Val introduced Janet Bowser as the newest member of the committee. Meeting Minutes for Dec 13<sup>th</sup>, Jan 10<sup>th</sup>, and Feb 15<sup>th</sup> were reviewed, discussed, and passed unanimously with the exception of Janet Bowser who abstained because she either was not present or a member on those meeting dates.

### **II. Discussion about The Conway School winter term presentations**

Val thanked the committee and Conway team for all the hard work they have been putting into this project. Val reported that The Conway School team presented the Dover project to a panel of their instructors and other environmental professionals at The Conway School this past Friday. Val stated that the presentation was very professional, and the team did a great job of gathering data points and summarizing it in a very clear and compelling way.

### **III. March Public Forum Planning Discussion**

Val explained that she and Audrey had discussed the format of the upcoming public forum was discussed. The preference was to have the meeting in person especially given the large turnout and positive feedback from the first in person public forum, but due to no department heads or committee chairs able to attend, and that The Conway Students had significant travel issues, that it would need to be over Zoom. Several committee members were unsure they would be able to attend the March 11<sup>th</sup> public forum due to scheduling

conflicts. The committee agreed that the content of the meeting would be for The Conway School team to provide a summary of tree preservation findings to date with draft recommendations, and ask the public to provide feedback on the recommendations. The Conway School ran through a draft presentation of what they had prepared. The committee provided feedback.
